Permanent Regulation - Informational Statement

A Permanent Regulation Related to Environmental Programs

**Legislative Review of Adopted Permanent Regulations as Required
by Administrative Procedures Act, NRS 233B.066**

State Environmental Commission Permanent No: R126-19

Permanent Regulation R126-19:

§§1-23, NRS 445A.425, 445A.860 and 445A.880; §§24, 25 and 26, NRS 445A.425; §27, 28 and 29, NRS 445A.860 and 445A.880, §30 and 31, NRS 233B.050, 445A.425, 445A.860 and 445A.880; §§32-52, and 54-58, NRS 445B.210, NRS 459.485 and 459.500; §§53 and 59, NRS 233B.050, 459.485 and 459.500.

SPECIFIC CHANGES:

NDEP amended NAC 445A, 445B, and NAC 459. Nevada Revised Statutes (NRS) 445A and NRS 459 establish the authority of the State Environmental Commission to adopt regulations governing multiple certification programs administered by NDEP. These include Drinking Water Operators & Wastewater Treatment Operators (both programs within NRS 445A), and the Certified Environmental Managers, Underground Storage Tank Testers, and Underground Storage Tank Handlers (all programs within NRS 459 and certified by the Bureau of Corrective Actions). NDEP introduced a new set of regulatory sections to clearly outline the process the agency will follow when implementing existing disciplinary authority and ensure the certified individual subject to the disciplinary action has clear due process and appeal procedures. Additional conforming amendments are included in relevant sections of NAC 445A, NAC 445B, and NAC 459.

Need for Regulation:

Prior disciplinary actions taken by NDEP revealed the need for a well-defined disciplinary process for certified individuals. This regulation defines the due process afforded to individuals in NDEP's three individual certification programs when NDEP is required to take a disciplinary action. These regulation amendments may be in addition to other civil or criminal proceedings provided by NRS.

When NDEP believes a disciplinary action is warranted, it will issue a Notice of Intent to Take Disciplinary Action to the individual. This notice could ultimately result in

probation, suspension, or revocation of the certification. This modification sets procedural “due process” expectations for both NDEP and the individual as the process unfolds.
